Description

Pasternack's PE3W01018/HS-100CM type N female bulkhead to SMB plug right angle 100 cm cable using PE-C100-LSZH coax is part of our full line of RF components available for same-day shipping. Pasternack's flexible RF cable assemblies are ideal for applications where tight bends and flexure are required. This Pasternack type N to SMB cable assembly has a female to plug gender configuration with 50 ohm flexible PE-C100-LSZH coax. The PE3W01018/HS-100CM type N female to SMB plug cable assembly operates to 4 GHz. The right angle SMB interface on the PE-C100-LSZH cable allows for easier connections in tight spaces. Our RF cable assembly with type N bulkhead interface allows designers to create external connections on their product enclosures, and can be used in a variety of other rack mount and panel mount applications. The double shielding of this Pasternack cable assembly provides excellent shielding effectiveness of better than 90 dB.

Custom versions of most RF cable assemblies can be built and shipped same day. Custom cable assembly lengths can be obtained by specifying the desired length on the web site at time of order or by contacting a sales representative. Other available RF cable assembly value added services include connector orientation or clocking, heat shrink booting and custom labeling. RF testing can also be performed to document the electrical performance of your cable assembly.
