

SMA Female 2 Hole Flange to SMP Female Right Angle Cable 24 Inch Length Using PE-SR405FLJ Coax

# **RF Cable Assemblies Technical Data Sheet**

### PE3W05557-24

#### Configuration · Connector 1: SMA Female 2 Hole Flange Connector 2: SMP Female Right Angle PE-SR405FLJ Cable Type: PE-SR405FLJ **Features** JACKET • Max Frequency 10 GHz SHIELD • Shielding Effectivity > 100 dB • 69.5% Phase Velocity 0.098 FEP Jacket DIELECTRIC Ø [2.5] SOLID CENTER CONDUCTOR **Applications** General Purpose Laboratory Use

### Description

Pasternack's PE3W05557-24 SMA female 2 hole flange to SMP female right angle 24 inch cable using PE-SR405FLJ coax is part of our full line of RF components available for same-day shipping. Pasternack's formable RF cable assemblies provide an alternative to costly pre-formed semi-rigid assemblies since they are hand formable. This Pasternack SMA to SMP cable assembly has a female to female gender configuration with 50 ohm formable PE-SR405FLJ coax. The PE3W05557-24 SMA female to SMP female cable assembly operates to 10 GHz. The right angle SMP interface on the PE-SR405FLJ cable allows for easier connections in tight spaces. Our RF cable assembly with SMA 2 hole flange interface allows designers to create external connections on their product enclosures, and can be used in a variety of other rack mount and panel mount applications.

Custom versions of most RF cable assemblies can be built and shipped same day. Custom cable assembly lengths can be obtained by specifying the desired length on the web site at time of order or by contacting a sales representative. Other available RF cable assembly value added services include connector orientation or clocking, heat shrink booting and custom labeling. RF testing can also be performed to document the electrical performance of your cable assembly.
