

TNC Male Right Angle to TNC Female Cable 150 cm Length Using LMR-195 Coax with HeatShrink, LF Solder

# RF Cable Assemblies Technical Data Sheet PE

### PE3W06109LF/HS-150CM

#### Description

Pasternack's PE3W06109LF/HS-150CM TNC male right angle to TNC female 150 cm cable using LMR-195 coax is part of our full line of RF components available for same-day shipping. Pasternack's flexible RF cable assemblies are ideal for applications where tight bends and flexure are required. This Pasternack TNC to TNC cable assembly has a male to female gender configuration with 50 ohm flexible LMR-195 coax. The PE3W06109LF/HS-150CM TNC male to TNC female cable assembly operates to 3 GHz. The right angle TNC interface on the LMR-195 coable allows for easier connections in tight spaces. The double shielding of this Pasternack cable assembly provides excellent shielding effectiveness of better than 90 dB.

Custom versions of most RF cable assemblies can be built and shipped same day. Custom cable assembly lengths can be obtained by specifying the desired length on the web site at time of order or by contacting a sales representative. Other available RF cable assembly value added services include connector orientation or clocking, heat shrink booting and custom labeling. RF testing can also be performed to document the electrical performance of your cable assembly.
