

Mini UHF Male to Mini UHF Female Right Angle Adapter

RF Adapters Technical Data Sheet

PE9347

Configuration

- Mini UHF Male Connector 1
- Mini UHF Female Connector 2
- 50 Ohms
- Right Angle Body Geometry

Features

- Gold Plated Brass Contact

Applications

- General Purpose Test

Description

Pasternack's PE9347 Mini UHF male to Mini UHF female right angle adapter is part of our full line of RF components available for same-day shipping. Our Mini UHF to Mini UHF adapter has a male to female gender configuration. This low profile right angle Mini UHF adapter allows for easier connections in tight spaces.

RF adapters are often used to enable connections between two connector types that would otherwise not mate. Certain adapter configurations can also be used to protect connectors on expensive equipment where the number of connect/disconnect cycles is high. An RF, microwave or millimeter wave adapter is connected to the equipment, and the commonly changed connection is made with the adapter which can be easily replaced when it wears out after high usage; such adapters are referred to as connector savers. Pasternack also offers bulkhead, panel mount, hermetically sealed, reverse polarity, and isolated ground adapter varieties to serve all of your RF, microwave and millimeter wave needs.

Mechanical Specifications

Size

Length	0.84 in [21.34 mm]
Width	0.452 in [11.48 mm]
Height	0.766 in [19.46 mm]
Weight	0.027 lbs [12.25 g]

Description	Connector 1	Connector 2
Type	Mini UHF Male	Mini UHF Female
Polarity	Standard	Standard

Material Specifications

Description	Connector 1		Connector 2	
	Material	Plating	Material	Plating
Type	Mini UHF Male		Mini UHF Female	
Contact	Brass	Gold	Brass	Gold
Insulation	POM		POM	
Outer Conductor			Brass	Nickel
