

TNC Male to TNC Male Right Angle Adapter

RF Adapters Technical Data Sheet

PE9560

Configuration

- TNC Male Connector 1
- TNC Male Connector 2
- 50 Ohms
- Right Angle Body Geometry

Features

- TNC Interface compliant with MIL-STD-348
- Silver Plated Contact
- Contact Plating per QQ-S-365

Applications

- General Purpose Test

Description

Pasternack's PE9560 TNC male to TNC male right angle adapter is part of our full line of RF components available for same-day shipping. Our TNC to TNC adapter has a male to male gender configuration. This low profile right angle TNC adapter allows for easier connections in tight spaces.

RF adapters are often used to enable connections between two connector types that would otherwise not mate. Certain adapter configurations can also be used to protect connectors on expensive equipment where the number of connect/disconnect cycles is high. An RF, microwave or millimeter wave adapter is connected to the equipment, and the commonly changed connection is made with the adapter which can be easily replaced when it wears out after high usage; such adapters are referred to as connector savers. Pasternack also offers bulkhead, panel mount, hermetically sealed, reverse polarity, and isolated ground adapter varieties to serve all of your RF, microwave and millimeter wave needs.

Mechanical Specifications

Size

Length	1.03 in [26.16 mm]
Width	0.59 in [14.99 mm]
Height	1.03 in [26.16 mm]
Weight	0.075 lbs [34.02 g]

Description	Connector 1	Connector 2
Type	TNC Male	TNC Male
Polarity	Standard	Standard
Interface Specification	MIL-STD-348	MIL-STD-348
